Introduction and Invitation

Dublin Winter Lights is a stunning annual event that lights up the city with an array of beautiful displays and cultural activities during the holiday season. The festival takes place in the heart of Dublin, and the entire city is transformed into a winter wonderland, attracting visitors from around the world to experience its enchanting atmosphere.

Dublin Winter Lights 2024 is produced by Eventco Ireland on behalf of Dublin City Council and as part of this year's festival, we are inviting visual artists to submit their artwork for projection mapping on the iconic General Post Office (GPO) building. This is a unique and exciting opportunity to bring your art to life and share your creative vision with a vast and diverse audience.

Projection mapping is a dynamic medium that projects images and animations onto a three-dimensional surface, creating an immersive visual experience that captivates and engages viewers. By submitting your artwork, you have the chance to showcase your creativity, challenge your skills and produce an awe-inspiring visual display on one of Ireland's most famous landmarks.

Selected artists will have their artwork projected onto the GPO building during the festival, creating a breathtaking and unforgettable experience for all to enjoy. This is an opportunity for artists to push their boundaries, expand their portfolio, and gain recognition for their work.

Join us in illuminating the GPO building and the winter nights of Dublin, and bring your artistic vision to life through projection mapping at the Dublin Winter Lights festival.

Information on our 2023 winners and shortlist can be found at <https://dublinwinterlights.ie/>

Context of the Commission

The General Post Office (GPO) building is a historic landmark located on O'Connell Street in Dublin, Ireland. It was designed by Francis Johnston and opened in 1818 as the headquarters of the Irish postal service. The building continues to function as a post office, where visitors can purchase stamps and send mail from its historic halls. Additionally, it is a popular tourist attraction and houses a museum and exhibition centre that explores its history and significance in the context of Irish political and social life. The GPO remains a symbol of Irish national identity and is a testament to the country's rich cultural heritage. In the neoclassical style typical of the Georgian period, it features a wide portico – or porch – supported by six columns, deriving from classical Greek and Roman architecture.

Theme

The theme chosen for the GPO as part of Dublin Winter Lights 2024 is **“Grow”**

Technical Information

Entries may use of any form of animation which uses the shape and structure of the GPO as a canvas. The animation must interact with the structure of the building. This includes but is not limited to 2D animation, video and 3D animation.

There should also be an audio soundscape to accompany the piece which will be audible in designated viewing areas of O'Connell Street.

The duration of the Stage 2 submission must be a minimum of 60 seconds with a maximum of 120 seconds.

See <https://dublinwinterlights.ie/> for examples of the 2023 submissions.

Location

The GPO is located on O'Connell Street, Dublin 1. There is a plaza to the front of the building. Note that O'Connell Street is a main thoroughfare for the city's busses and tram system which will be running at all times throughout the event.

Grants and Finance

There is no entrance fee attached for Stage 1 submissions.

Artists who are shortlisted and invited to compete in Stage 2 of the competition will be awarded a development fee of €2000 for their work with their work shown on the GPO Dublin for the duration of the event.

The winning artist will be awarded a fee of €15,000.

Review of Stage 2 submissions completed 16th September 2024

Closing date for alterations 1st October 2024

Projections take place from 29th November 2024

Award of winning artist Dec 15th 2024

Selection Process

This is a two stage open competition. The competition is open to all artists living in the Republic of Ireland and abroad.

Stage 1

The first stage invites submissions that outline the concept and intention of the proposed artwork, its design and how it will be created and brought to the public. Artists and teams will also be required to provide biographies of key team members and examples of previous work. Previous experience in large scale architectural projection mapping is a benefit but is not essential if a strong understanding of the process is displayed.

A series of 2D masks of the building are available to download for use in your entry.

However examples of previous work on other projects which illustrate the artists style and ability may also be submitted in lieu of new work.

Applications via the Submittable link attached. Please complete all fields requested.

Short-listing process

As this is an open competition, a panel of up to five experts including external expertise will assess all eligible submissions and will make a long-list of up to twenty proposals to be assessed by the short-listing panel.

Stage 2

Up to eight artists will be shortlisted for Stage 2. These artists will be provided with a detailed pack containing all relevant 2D and 3D modelling of the building as well as detailed information of projector specification and positions. Short listed artists will also have access to technical consultation with the technical team to realise their creations.

Short listed artists will be awarded a fee of €2000 to complete their submissions.

Submissions for this stage must be of minimum 60 seconds and maximum 120 seconds.

A timeline for this is outlined above. Submissions will be subject to review before final use to ensure suitability.

Winning artists will be requested to take part in an online forum to discuss their winning work as part of an educational program in the festival.

Note that travel to Dublin Winter Lights will not be provided for entries.

All suitable Stage 2 entries will be displayed on the GPO as part of Dublin Winter Lights. An international panel of judges will judge the submissions “blind” and award the winning prize of €15,000. The judges for the final prize will be comprised of members of internationally recognised lighting festivals as well as internationally recognised projection mapping artists.

In 2023 our judging panel comprised of:

Juliette Bibasse and Joanie Lamercier of Studio Joanie Lamercier FR

Birgit Zander Festival of Lights Berlin DE

Bruce and Shelly Rodgers of Tribe Inc Design Studio USA
